JB TRENCHLESS

OUR SERVICES & SOLUTIONS

We don't just sell drills — we support the full trenchless journey. Whether you're on-site or gearing up for your next project, our services are built to maximise performance, minimise downtime, and give you peace of mind.

- **Spare Parts** - Local stock of wear parts, cutting tools, and components with fast dispatch to keep you moving.
- **Servicing** - Certified in-house technicians available for maintenance, urgent repairs, and full workshop support.
- **Financing Options** - Flexible finance and leasing solutions tailored to your cash flow through trusted partners.
- **Training** - Operator inductions and certified training delivered on-site, online, or at our facilities across Australia.

JB PACKAGING SOLUTIONS

COMPLETE SETUP SOLUTIONS TO GET YOU DRILLING FAST

We offer complete setup solutions so you can hit the ground running with confidence, clarity, and everything in place to start earning from day one.

🛠️ **HDD Tooling - From** drill heads to consumables, we supply everything you need to start drilling immediately—maximising your ROI from the outset.

📡 **Location Systems & Mud Mixers** - Go turnkey with a fully integrated setup including DCI location systems and fluid mixing units—professionally plumbed and ready to operate.

🚚 **Truck Solutions** - We help source and supply new or used trucks tailored to your setup. With upfront costing and integrated packaging, your rig, tools, and transport arrive ready to work.

🔄 **Used Equipment** - Tap into our national network for access to pre-owned machinery. We handle appraisal, repairs, and matchmaking to fill equipment gaps quickly and reliably.
